NPS Survey Summary - Q2

Sales & Marketing Knowledge Hub | Customer Success

Owner: Tom Bergstrom | Last updated: October 30, 2026

Summary of the quarterly Net Promoter Score survey results, including verbatim themes from detractor responses.

Key Points

- Overall NPS came in at 42, up four points from the prior quarter.
- Detractor comments most frequently cited reporting flexibility as a gap.
- Promoter comments consistently highlighted implementation speed as a strength.
- Findings were shared with product management for the next roadmap planning cycle.
