Lead Scoring Model Overview

Sales & Marketing Knowledge Hub | Marketing Campaigns

Owner: Sofia Alvarez | Last updated: October 30, 2026

Documents the scoring criteria that qualify a marketing lead as sales-ready, combining firmographic and engagement signals.

Key Points

- Firmographic fit contributes up to 40 points based on company size and industry.
- Engagement signals such as webinar attendance and pricing page visits add up to 60 points.
- Leads scoring above 70 points are routed to sales development within one business day.
- Scoring weights are reviewed quarterly against actual conversion data.
